Dearest Sis, Mom & Pop - On way home from blood bank - will drop this off at base PO. Sis in the event you haven't got a car, would you be interested in ours. Coop is alerted for overseas in Jan., possibly sooner. If he doesn't get the Azores job - don't know where it will be & won't be able to go with him for a long time - will get a job & go to work - with you in Marietta, hope. If should go to Azores, will want to sell the car. It's an idea - if you think it worth considering. Give you more details later - as word comes in. Still wish you would come up for a visit all 3. Please! Love The Kids
